

10 Reasons to Beautify your Pergola

A Serene Healing Environment

- 1 Biophilic design resembling look and feel of natural wood
- 2 Offering peaceful and tranquil setting
- 3 Better airflow with social distancing ability

Research shows that the environment has an effect on the burden of disease and healing times

Provide Company Connection

- 4 Custom color finishes can provide perfect corporate branding
- 5 Cheerful, bright and colorful gathering spots
- 6 Expand your building to outdoor spaces

Transform your outdoor area and create a living space where you can entertain, relax or unwind

Near Maintenance-Free Beauty

- 7 Unlike real wood, wood grain finishes will not swell, rot, warp or attract insects
- 8 These durable finishes are fire retardant and corrosion resistant
- 9 Impervious to water and humidity

Selecting the best finish will ensure years of beauty of enjoyment

- 10 Linetec is your single source solution for pergola beautification!
